ATRU SERVICE & FEE SCHEDULE

		ED: 04AUG2023 UPI	
Service Fees		Non-	
Service rees	Description	Industry	Industry
	STUDY START UP FEES		
Low Intensity Project Medium Intensity Project	* LOW intensity: Room Use/Lab Access/Data & Specimen Collection * MEDIUM intensity Clinical/Lab/Bionutrition services provided	\$250.00 \$350.00	\$800.00 \$1,000.00
High Intensity Project	* HIGH intensity Clinical/Lab/Bionutrition services provided	\$500.00	\$1,500.00
Start Up Fee - Waived	*Sample storage only project or 'other' reason ADMINISTRATIVE FEES	Waived	Waived
Annual Administrative Fee	*Applied annually after 1st year on activation date *Protocol review, feasibility assessment, and ATRU Quote creation (budget estimates) for Clinical/Lab/Bionutrition services *IRB/eBridge ancillary and amendment reviews, approvals, and status checks *Florence & OnCore project review and management of policies, logs, and staff credentials within the systems	\$100.00	\$100.00
Annual Administrative Fee - Waived	*Creation & maintenance of ATRU Central DoA Log/Training Logs/Flowsheets to avoid protocol deviation during research visits *Regular and preventative maintenance/calibration of on-site research equipment to safeguard data integrity and errors	Waived	Waived
	*Ensure all ATRU staff are current with licensing, certifications, regulatory requirements, continued education, and compliance training VISIT FEES	Regular Hours: M	lon-Fri 0800-1700
On-Site Visit	*Includes participant scheduling, room prep, room use, customary supplies, and clean-up *Visit is recorded/stamped using participant ID/initials/date in EPIC *ATRU staff must verify signed informed consent (or waiver of) *Snacks included for all visits - Meals included >2 hour visits	\$30.00	\$50.00
Off-Site Visit	*Includes participant scheduling, off-site services, and transportation of supplies/equipment *Visit is recorded/stamped using participant ID/initials/date in EPIC *ATRU staff must verify signed informed consent (or waiver of)	\$30.00	\$50.00
On-Site ECHO/US Core Visit	* ECHO/US ROOM USE ONLY requests - Includes patient scheduling, room prep, room use, customary supplies, and clean-up	\$15.00	\$15.00
After Hours Surcharge	*Visits during non-regular business hours are subject to the surcharge fee in addition to the standard fees for services rendered *After hour & weekend visits by appointment only	\$30.00/Hour	\$30.00/Hour
On-Call Support	*ATRU after hour on-call support has the ability to provide study details and/or obtain verbal consent *On-call support is also an option for studies that require 'impromptu' Clinical/Laboratory/Bionutrition services	TBD: Hourly	or Flat Rate
Appointment Cancellation: On-Site Visit Appointment Cancellation: Off-Site Visit	>24 hours in advance of the scheduled appointment will not be subject to any fees <24 hours and no-shows will be charged a non-refundable visit fee	\$30.00 \$30.00	\$50.00 \$50.00
	STUDY SPECIFIC TOURS/TRAINING		,
Site Selection/Monitor Tours	*On-site clinic/laboratory/bionutrition unit tours for site selection, monitor visits, and site initiation visits (SIVs)		\$50.00
Site Initiation Visit (SIV) Study Team Site Training	*In-person or virtual attendance of site initiation visit (SIV) by assigned study leads & management *Dry Run/Practice in ATRU Space: Room Use/Lab Access	\$30.00	\$50.00
New Certification/Training	*Staff certification and/or training regarding study specific devices, medication, and equipment	TBD: Hourly	or Flat Rate
	COMMUNITY SERVICES *Includes travel time and time spent at the location		
Community Services	*Mileage for travel to/from will be charged at the current IRS rate *Option for local studies that require community based Clinical/Laboratory/Bionutrition services	TBD: Hourly	or Flat Rate
	COORDINATION SUPPORT		
Coordination Support	*Confirm and/or obtain informed consent *Post procedure follow-up calls *Research interviews	\$60.00/Hour	\$60.00/Hour
Interpretation & Translation Services	*Survey and data collection *Spanish interpreter services provided by ATRU staff for active ATRU research projects (in-person or phone)	\$60.00/Hour	\$60.00/Hour
	*Access to interpretation and/or written translation services for research projects through LanguageLine Solutions CLINICAL SERVICES	TBD: Hourly	or Flat Rate
Low Intensity Visit - Tier 1	* ROOM USE ONLY > ATRU clinical staff assigned to visit as a point of contact	\$30.00	\$30.00
Low Intensity Visit - Tier 2	* ROOM USE ONLY with access to ATRU supplies/equipment > ATRU clinical staff assigned to visit as point of contact	\$60.00	\$60.00
Medium Intensity Visit Vital Sians	* MEDIUM intensity services at hourly rate (15 minute increments) *Heart Rate, Blood Pressure, Respiratory Rate, Temperature, POX	\$60.00/Hour	\$90.00/Hour
Orthostatic Vital Signs	*Heart Rate and Blood Pressure (Lying/Sitting/Standing)	_	
Body Measurements Height/Weight/Body Mass Index (BMI)	*Circumference at waist, hip, chest, or other *Measurement of height, weight, and/or Body Mass Index (BMI) calculation		
Skin Fold Measurements			
Specimen Collection Urine Collection/Straight Catheterization	*Collection of non-blood/urine samples including sweat, epithelial nasal cell (cytology brush), and breath testing *Urine collected via specimen cup or clean intermittent catheterization		
Glucose Finger Stick	*Qualitive blood sugar reading		
Saliva Sample Stool Sample			
Anterior Nasal Swab	*Collection of a single sample (includes both nostrils)	_	
Nasopharyngeal Swab Oral/Buccal Swab	*Collection of a complete sample (includes both nostrils) *Collection of a single sample		
Mantoux Tuberculin Skin Test (TB)	*PPD antigen is applied under the skin and TST test is 'read' 48-72 hours later by ATRU staff	_	
Intramuscular Drug Administration Subcutaneous Injection	*Medication delivered intramuscularly *Medication delivered subcutaneously	_	
Oral/Sublingual Drug Administration	*Medication administered by mouth, performed by a registered nurse		
Vaccinations			
	*Vaccinations administered by ordered route/site and reported on WIR	_	
MRI Contrast Infusion & Monitoring High Intensity Visit	*Vaccinations administered by ordered route/site and reported on WIR *Gadolinium dye is injected into a participant's bloodstream to help illuminate certain tissues for diagnostic/prognostic information * HIGH intensity services at hourly rate (15 minute increments)	\$90.00/Hour	\$120.00/Hour
High Intensity Visit Oral Glucose Tolerance Test (OGTT)	*Gadolinium dye is injected into a participant's bloodstream to help illuminate certain tissues for diagnostic/prognostic information * HIGH intensity services at hourly rate (15 minute increments) *Glucose Challenge Test <u>and/or</u> full Glucose Tolerance Test	\$90.00/Hour	\$120.00/Hour
High Intensity Visit	*Gadolinium dye is injected into a participant's bloodstream to help illuminate certain tissues for diagnostic/prognostic information * HIGH intensity services at hourly rate (15 minute increments) *Glucose Challenge Test <u>and/or</u> full Glucose Tolerance Test *Education on use of and initiation of portable cardiac monitor	\$90.00/Hour	\$120.00/Hour
High Intensity Visit Oral Glucose Tolerance Test (OGTT) Holter Monitor Education/Training Inhaled Medication Administration	*Gadolinium dye is injected into a participant's bloodstream to help illuminate certain tissues for diagnostic/prognostic information *HIGH intensity services at hourly rate (15 minute increments) *Glucose Challenge Test <u>and/or</u> full Glucose Tolerance Test *Education on use of and initiation of portable cardiac monitor *Interactive learning session with a partipant/caregiver to provide the knowledge/skills/tools necessary to safely complete assigned tasks *Medication administered via patient inhalation, performed by a registered nurse	\$90.00/Hour	\$120.00/Hour
High Intensity Visit Oral Glucose Tolerance Test (OGTT) Holter Monitor Education/Training	*Gadolinium dye is injected into a participant's bloodstream to help illuminate certain tissues for diagnostic/prognostic information * HIGH intensity services at hourly rate (15 minute increments) *Glucose Challenge Test <u>and/or</u> full Glucose Tolerance Test *Education on use of and initiation of portable cardiac monitor *Interactive learning session with a partipant/caregiver to provide the knowledge/skills/tools necessary to safely complete assigned tasks	\$90.00/Hour	\$120.00/Hour
High Intensity Visit Oral Glucose Tolerance Test (OGTT) Holter Monitor Education/Training Inhaled Medication Administration Central Line Dressing Change IV Infusion Subcutaneous Infusion	*Gadolinium dye is injected into a participant's bloodstream to help illuminate certain tissues for diagnostic/prognostic information *HGH intensity services at hourly rate (15 minute increments) *Glucose Challenge Test <u>and/or</u> full Glucose Tolerance Test *Education on use of and initiation of portable cardiac monitor *Interactive learning session with a partipant/caregiver to provide the knowledge/skills/tools necessary to safely complete assigned tasks *Medication administered via patient inhalation, performed by a registered nurse *Eterile dressing change over central venous catheter, performed by a registered nurse *Provision of medication and/or fluids (placebo) via IV Infusion (standard or micro dose pumps available) *Provision of non-chemotherapy medication via IV Infusion (standard or micro dose pumps available)	\$90.00/Hour	\$120.00/Hour
High Intensity Visit Oral Glucose Tolerance Test (OGTT) Holter Monitor Education/Training Inhaled Medication Administration Central Line Dressing Change IV Infusion	*Gadolinium dye is injected into a participant's bloodstream to help illuminate certain tissues for diagnostic/prognostic information *HIGH intensity services at hourly rate (15 minute increments) *Glucose Challenge Test <u>and/or</u> full Glucose Tolerance Test *Education on use of and initiation of portable cardiac monitor *Interactive learning session with a partipant/caregiver to provide the knowledge/skills/tools necessary to safely complete assigned tasks *Medication administered via patient inhalation, performed by a registered nurse *Sterile dressing change over central venous catheter, performed by a registered nurse *Provision of medication and/or fluids (placeba) via IV Infusion (standard or micro dose pumps available) *Provision of non-chemotherapy medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV push		\$120.00/Hour \$120.00/Hour
High Intensity Visit Oral Glucose Tolerance Test (OGTT) Holter Monitor Education/Training Inhaled Medication Administration Central Line Dressing Change IV Infusion Subcutaneous Infusion IV Push 6 Minute Walk Test (6MWT)	*Gadolinium dye is injected into a participant's bloodstream to help illuminate certain tissues for diagnostic/prognostic information *HIGH intensity services at hourly rate (15 minute increments) *Glucose Challenge Test and/or full Glucose Tolerance Test *Education on use of and initiation of portable cardiac monitor *Interactive learning session with a partipant/caregiver to provide the knowledge/skills/tools necessary to safely complete assigned tasks *Medication administered via patient inhalation, performed by a registered nurse *Sterile dressing change over central venous catheter, performed by a registered nurse *Provision of medication and/or fluids (placebo) via IV Infusion (standard or micro dose pumps available) *Provision of non-chemotherapy medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV push STANDALONE/FLAT FEE SERVICES *ATRU staff-guided 6 Minute Walk Test (MWT) is a sub-maximal exercise test used to assess aerobic capacity and endurance	Usual & Customary \$30.00	y Supplies Included \$30.00
High Intensity Visit Oral Glucose Tolerance Test (OGTT) Holter Monitor Education/Training Inhaled Medication Administration Central Line Dressing Change IV Infusion Subcutaneous Infusion IV Push 6 Minute Walk Test (6MWT) ECG: Single 12-Lead Placement	*Gadolinium dye is injected into a participant's bloodstream to help Illuminate certain tissues for diagnostic/prognostic information *HGH intensity services at hourly rate (15 minute increments) *Glucose Challenge Test and/or full Glucose Tolerance Test *Education on use of and initiation of portable cardiac monitor *Interactive learning session with a partipant/caregiver to provide the knowledge/skills/tools necessary to safely complete assigned tasks *Medication administered via patient inhalation, performed by a registered nurse *Sterile dressing change over central venous catheter, performed by a registered nurse *Provision of medication and/or fluids (placebo) via IV Infusion (standard or micro dose pumps available) *Provision of non-chemotherapy medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV push STANDALONE/FLAT FEE SERVICES *ATRU staff-guided 6 Minute Walk Test (MWT) is a sub-maximal exercise test used to assess aerobic capacity and endurance *Lead placement and obtainment of a standard 12 lead EKG (uninterpreted)	Usual & Customary \$30.00 \$20.00	y Supplies included \$30.00 \$40.00
High Intensity Visit Oral Glucose Tolerance Test (OGTT) Holter Monitor Education/Training Inhaled Medication Administration Central Line Dressing Change IV Infusion Subcutaneous Infusion IV Push 6 Minute Walk Test (6MWT)	*Gadolinium dye is injected into a participant's bloodstream to help illuminate certain tissues for diagnostic/prognostic information *HIGH intensity services at hourly rate (15 minute increments) *Glucose Challenge Test and/or full Glucose Tolerance Test *Education on use of and initiation of portable cardiac monitor *Interactive learning session with a partipant/caregiver to provide the knowledge/skills/tools necessary to safely complete assigned tasks *Medication administered via patient inhalation, performed by a registered nurse *Sterile dressing change over central venous catheter, performed by a registered nurse *Provision of medication and/or fluids (placebo) via IV Infusion (standard or micro dose pumps available) *Provision of non-chemotherapy medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV push STANDALONE/FLAT FEE SERVICES *ATRU staff-guided 6 Minute Walk Test (MWT) is a sub-maximal exercise test used to assess aerobic capacity and endurance	Usual & Customary \$30.00	y Supplies Included \$30.00
High Intensity Visit Oral Glucose Tolerance Test (OGTT) Holter Monitor Education/Training Inhaled Medication Administration Central Line Dressing Change IV Infusion Subcutaneous Infusion IV Push 6 Minute Walk Test (6MWT) ECG: Single 12-Lead Placement ECG: Single 12-Lead Placement ECG: Suplicate or Triplicate Venipuncture Phlebotomy - Single Timepoint IV Placement/Collection - Single Timepoint	*Gadolinium dye is injected into a participant's bloodstream to help illuminate certain tissues for diagnostic/prognostic information *HIGH intensity services at hourly rate (15 minute increments) *Glucose Challenge Test_and/or_full Glucose Tolerance Test *Education on use of and initiation of portable cardiac monitor *Interactive learning session with a partipant/caregiver to provide the knowledge/skills/tools necessary to safely complete assigned tasks *Medication administered via patient inhalation, performed by a registered nurse *Sterile dressing change over central venous catheter, performed by a registered nurse *Provision of medication and/or fluids (placebo) via IV Infusion (standard or micro dose pumps available) *Provision of medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV push SECONDEX/FLAST FEE SERVICES *ATRU staff-guided 6 Minute Walk Test (MWT) is a sub-maximal exercise test used to assess aerobic capacity and endurance *Lead placement and obtainment of a standard 12 lead EKG (uninterpreted) x3 *Bood sample collection via venipuncture (vein viewer available) *Delivery base available) *Peripheral intravenous line placement for medication administration and/or blood sample collection (vein viewer available)	Usual & Customary \$30.00 \$20.00 \$40.00 \$15.00 \$15.00	y Supplies Included \$30.00 \$40.00 \$80.00 \$30.00 \$30.00
High Intensity Visit Oral Glucose Tolerance Test (OGTT) Holter Monitor Education/Training Inhaled Medication Administration Central Line Dressing Change IV Infusion Subcutaneous Infusion IV Push 6 Minute Walk Test (GMWT) ECG: Single 12-Lead Placement ECG: Duplicate or Triplicate Venipuncture Phlebotomy - Single Timepoint	*Gadolinium dye is injected into a participant's bloodstream to help illuminate certain tissues for diagnostic/prognostic information *HGH intensity services at hourly rate (15 minute increments) *Glucose Challenge Test_and/or_full Glucose Tolerance Test *Education on use of and initiation of portable cardiac monitor Interactive learning session with a partipant/caregiver to provide the knowledge/skills/tools necessary to safely complete assigned tasks *Medication administered via patient inhalation, performed by a registered nurse *Sterile dressing change over central venous catheter, performed by a registered nurse *Provision of medication and/or fluids (placebo) via IV Infusion (standard or micro dose pumps available) *Provision of non-chemotherapy medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV push STADDALONE/FLAT FEE SERVICES *ATRU staff-guided 6 Minute Walk Test (MWT) is a sub-maximal exercise test used to assess aerobic capacity and endurance *Lead placement and obtainment of a standard 12 lead EKG (uninterpreted) x3 *Blood sample collection via venipuncture (vein viewer available)	Usual & Customary \$30.00 \$20.00 \$40.00 \$15.00	y Supplies Included \$30.00 \$40.00 \$80.00 \$30.00
High Intensity Visit Oral Glucose Tolerance Test (OGTT) Holter Monitor Education/Training Inhaled Medication Administration Central Line Dressing Change IV Infusion Subcutaneous Infusion IV Push 6 Minute Walk Test (6MWT) ECG: Single 12-Lead Placement ECG: Duplicate or Triplicate Venipuncture Phlebotomy - Single Timepoint IV Placement/Collection - Single Timepoint PICC Line Access/Collection - Single Timepoint	*Gadolinium dye is injected into a participant's bloodstream to help illuminate certain tissues for diagnostic/prognostic information *HIGH intensity services at hourly rate (15 minute increments) *Glucose Challenge Test and/or full Glucose Tolerance Test *Education on use of and initiation of portable cardiac monitor *Interactive learning session with a partipant/caregiver to provide the knowledge/skills/tools necessary to safely complete assigned tasks *Medication administered via patient inhalation, performed by a registered nurse *Sterile dressing change over central venous catheter, performed by a registered nurse *Provision of medication and/or fluids (Jacesbo) via IV Infusion (standard or micro dose pumps available) *Provision of non-chemotherapy medication via IV Infusion (standard or micro dose pumps available) *Delivery of medication via IV push StanDaLONEE/FLAT FEE SERVICES *ATRU staff-guided 6 Minute Walk Test (MWT) is a sub-maximal exercise test used to assess aerobic capacity and endurance *Lead placement and obtainment of a standard 12 lead EKG (uninterpreted) *Lead placement and obtainment of a standard 12 lead EKG (uninterpreted) x3 *Blood sample collection via venipuncture (vein viewer available) *Peripheral intravenous line placement for medication administration and/or blood sample collection (vein viewer available) *Peripheral intravenous line placement for medication administration and/or blood sample collection *PEC line access/NS flush for medication administration and/or blood sample collection	Usual & Customary \$30.00 \$20.00 \$40.00 \$15.00 \$15.00 \$30.00	y Supplies Included \$30.00 \$40.00 \$80.00 \$30.00 \$30.00 \$30.00 \$60.00

Safe Transfer & Lift Services Spirometry Measurement

*ATRU spirometer available for staff spirometry measurement how much air you inhale/exhale and how quickly you exhale

	LABORATORY & DIAGNOSTIC SERVICES	Usual & Customary	Supplies Included
	* A limited number of protocols/study staff members will be considered for 24/7 Lab Access Privileges *All site personnel requesting lab access will need to meet minimum training requirements prior to use		
Lab Access for Sample Processing	*Must provide proof of Institutional Biosafety Committee (IBC) approval with ATRU Lab Manger listed as study staff	Upon Consultation	Upon Consultation
	*Study teams must provide Lab Manual for ATRU review (if applicable)		
Lab Access Start Up	*Fee determined by number of sessions, amount/type of tubes, length of centrifuge use, bench space requirements, and lab supply needs *Study staff access to ATRU lab spaces requires: Orientation, Badge Access, Training, and ATRU Oversight -Protocol Specific)	\$15.00/Person	\$15.00/Person
Low Intensity Visit	*LOW intensity services at hourly rate (15 minute increments)	\$20.00/Session	\$40.00/Session
Sample Incubation		_	
Lab Preparation Medium Intensity Visit	*QC of study specific instruments/reagent preparation required in advance of processing visit MEDIUM intensity services at hourly rate (15 minute increments)	\$60.00/Hour	\$90.00/Hour
Centrifugation	*General sample processing activities	900.00/1100i	\$50.007110UI
Plasma/Serum/Buffy Coat Separation	*Removing supernatant/cells post centrifugation		
Pipetting/Aliquot Creation		_	
Blood Smear Preparations Quality Assurance		_	
Specialized Lab Equipment		_	
Data Entry/Resulting	* REDCap/OneDrive/Qualtrics/LDMS/LifePoint/Study specific portals/Requisition Form Completion to facilitate normal and customary research laboratory data *Sample de-identification	_	
Shipping Preparation/Sample Transfers		_	
High Intensity Visit	*Preparations/on-campus transfer of specimens *Includes HIGH intensity services at hourly rate (15 minute increments)	\$90.00/Hour	\$120.00/Hour
Biomarkers/Pharmacokinetic (PKs)			· · · · ·
PBMC extractions			
Increased Precautions		_	
Specialized/Complex Processing		Ilsual & Customer	Supplies Includes
	STANDALONE/FLAT FEE SERVICES	Usual & Customary	supplies included
Batch Shipping Preparation	*Specimen packing/requisition/shipment preparation *IATA compliant sample shipping (ambient/refrigerated/frozen)	\$20.00/Session	\$40.00/Session
Sample Incubation (>1hr-24 hours)	* Incubation of specimen without need for further manipulation (i.e. extended or overnight sample incubation)	\$20.00/Session	\$40.00/Session
	*Performed within a Medium or High Intensity Visit *Storage in -80 freezer, -20 freezer, or refrigerator or room temperature for > than 24 hours, batch shipping, banking and long-term storage		
Sample Storage	*Note: >50 boxes or equivalent subject to additional charge	\$100.00/Year	\$200.00/Year
	*Receipt and Intake of lab supplies and/or biospecimens		
Sample Storage - Inventory & Retrieval	*IATA Shipment preparations/on-campus transfer of specimens *Inventory management: supply and sample tracking *Logging of samples, boxing, and inventory	\$60.00/Hour	\$90.00/Hour
Supply/Reagent/Equipment Storage	*Laboratory storage refers to the housing and inventory of supplies, kits, reagents, and/or equipment that is provided by the department or sponsor initiating the study within the ATRU	\$100.00/Year	\$200.00/Year
	*The goal of controlled storage is to maintain the integrity of the stored items and to ensure that they remain safe and accessible		
Dry Ice Low Usage	*Dry ice for frozen sample transport/batch shipping > Flat Fee > LOW usage (100 lbs./year max)	\$125.00/Year	\$250.00/Year
Dry Ice High Usage	*Dry ice for frozen sample transport/batch shipping > Flat Fee > HIGH usage (200 lbs./year max)	\$250.00/Year	\$500.00/Year
	POINT OF CARE TESTS (POC)	Usual & Customary	
Urine Pregnancy Urinalysis/Urine Glucose/Urine Protein		\$5.00 \$5.00	\$10.00 \$10.00
			\$10.00
	ATRU holds a CLIA Certificate of Waiver for	\$15.00	\$20.00
Urine Cotinine Urine Drug Screen	ATRU holds a CLIA Certificate of Waiver for various CLIA-waived testing	\$15.00 \$25.00	\$20.00 \$50.00
Urine Cotinine Urine Drug Screen Glucose (Fingerstick)		\$25.00 \$10.00	\$50.00 \$15.00
Urine Cotinine Urine Drug Screen	various CLIA-waived testing	\$25.00	\$50.00
Urine Cotinine Urine Drug Screen Glucose (Fingerstick)	AUTOMATED IMMUNOASSAY ANALYZER (HD-X)	\$25.00 \$10.00 \$15.00	\$50.00 \$15.00 \$20.00
Urine Cotinine Urine Drug Screen Glucose (Fingerstick)	various CLIA-waived testing AUTOMATED IMMUNOASSAY ANALYZER (HD-X) *Quanterix Simoa HD-X Bioanalyzer *All samples must be submitted under an IRB approved protocol and linked to the ATRU's HD-X Analyzer IBC Application * Flat Rate Fee: Includes bulk supplies, maintenance, internal controls assessed per plate run (Does not include assay specific kit)	\$25.00 \$10.00	\$50.00 \$15.00 \$20.00 rr Plate/Run eent Maintenance/Se
Urine Cotinine Urine Drug Screen Glucose (Fingerstick) HgA1C Service Fees	various CLIA-waived testing AUTOMATED IMMUNOASSAY ANALYZER (HD-X) *Quanterix Simoa HD-X Bioanalyzer *All samples must be submitted under an IRB approved protocol and linked to the ATRU's HD-X Analyzer IBC Application * Flat Rate Fee: Includes bulk supplies, maintenance, internal controls assessed per plate run (Does not include assay specific kit) *Simoa Bead-Based Assay Kit for HD-X	\$25.00 \$10.00 \$15.00 \$1800.00 Pe Bulk Reagent/Instrum Up	\$50.00 \$15.00 \$20.00 er Plate/Run eent Maintenance/Se Fee
Urine Cotinine Urine Drug Screen Glucose (Fingerstick) HgA1C	various CLIA-waived testing AUTOMATED IMMUNOASSAY ANALYZER (HD-X) *Quanterix Simoa HD-X Bioanalyzer *All samples must be submitted under an IRB approved protocol and linked to the ATRU's HD-X Analyzer IBC Application * Flat Rate Fee: Includes bulk supplies, maintenance, internal controls assessed per plate run (Does not include assay specific kit)	\$25.00 \$10.00 \$15.00 \$1800.00 Pe Bulk Reagent/Instrum	\$50.00 \$15.00 \$20.00 rr Plate/Run eent Maintenance/Se Fee
Urine Cotinine Urine Drug Screen Glucose (Fingerstick) HgA1C Service Fees	various CLIA-waived testing AUTOOMATED IMMUNOASSAY ANALYZER (HD-X) *Quanterix Simoa HD-X Bioanalyzer *All samples must be submitted under an IRB approved protocol and linked to the ATRU's HD-X Analyzer IBC Application *Flat Rate Fee: Includes bulk supplies, maintenance, internal controls assessed per plate run (Does not include assay specific kit) *Simoa Bead-Based Assay Kit for HD-X *Purchased through established CTSI account and billed to study at current pricing at time of order *As supply pricing is constantly changing, fees quoted before time of purchase are subject to change	\$25.00 \$10.00 \$15.00 \$1800.00 Pe Bulk Reagent/Instrum Up	\$50.00 \$15.00 \$20.00 er Plate/Run eent Maintenance/Se Fee
Urine Cotinine Urine Drug Screen Glucose (Fingerstick) HgA1C Service Fees	various CLIA-waived testing AUTOMATED IMMUNOASSAY ANALYZER (HD-X) *Quanterix Simoa HD-X Bioanalyzer *All samples must be submitted under an IRB approved protocol and linked to the ATRU's HD-X Analyzer IBC Application * Flat Rate Fee: Includes bulk supplies, maintenance, internal controls assessed per plate run (Does not include assay specific kit) *Simoa Bead-Based Assay Kit for HD-X *Purchased through established CTSI account and billed to study at current pricing at time of order	\$25.00 \$10.00 \$15.00 \$1800.00 Pe Bulk Reagent/Instrum Up	\$50.00 \$15.00 \$20.00 er Plate/Run eent Maintenance/Se Fee
Urine Cotinine Urine Drug Screen Glucose (Fingerstick) HgA1C Service Fees HD-X Assay Kit	various CLIA-waived testing AUTOOMATED IMMUNOASSAY ANALYZER (HD-X) *Quanterix Simoa HD-X Bioanalyzer *All samples must be submitted under an IRB approved protocol and linked to the ATRU's HD-X Analyzer IBC Application * Flat Rate Fee: Includes bulk supplies, maintenance, internal controls assessed per plate run (Does not include assay specific kit) *Simaa Bead-Based Assay Kit for HD-X *Purchased through established CTSI account and billed to study at current pricing at time of order *As supply pricing is constantly changing, fees quoted before time of purchase are subject to change SUPPLIES/KIT CREATION *Assistance in obtaining clinical supplies for specimen collection needs *Special order and 'unique' study supplies requested through the ATRU will be billed at the current vendor pricing	\$25.00 \$10.00 \$15.00 \$1800.00 Pe Bulk Reagent/Instrum Up TBD: Current V \$15.00/Session TBD: Current V	\$50.00 \$15.00 \$20.00 er Plate/Run ent Maintenance/Se Fee /endor Pricing \$15.00/Session /endor Pricing
Urine Cotinine Urine Drug Screen Glucose (Fingerstick) HgA1C Service Fees HD-X Assay Kit Supply Ordering Special Order Supplies Phlebotomy Kits	various CLIA-waived testing AUTOOMATED IMMUNOASSAY ANALYZER (HD-X) *Quanterix Simoa HD-X Bioanalyzer *All samples must be submitted under an IRB approved protocol and linked to the ATRU's HD-X Analyzer IBC Application *Flat Rate Fee: Includes bulk supplies, maintenance, internal controls assessed per plate run (Does not include assay specific kit) *Simoa Bead-Based Assay Kit for HD-X *Purchased through established CTSI account and billed to study at current pricing at time of order *As supply pricing is constantly changing, fees quoted before time of purchase are subject to change BUPLIES/KIT CREATION *Assistance in obtaining clinical supplies for specimen collection needs *Special order and 'unique' study supplies requested through the ATRU will be billed at the current vendar pricing *Phlebotomy Kits > Gloves, 21GA BD Safety butterfly needle, vacutainer holder, tourniquet, alcohol swabs, tape, gauze, and bandage	\$25.00 \$10.00 \$15.00 \$1800.00 Pe Bulk Reagent/Instrum Up TBD: Current \\ \$15.00/Session TBD: Current \\ \$5.00	\$50.00 \$15.00 \$20.00 er Plate/Run lent Maintenance/Se Fee /endor Pricing \$15.00/Session /endor Pricing \$10.00
